Ōtūmoetai Kāhui Ako Learning Support Register Consent

Our school/kura/early childhood centre is part of a group of education providers that shares information to:

- identify children and young people who might need additional learning support
- ensure that the adults who work with children (such as teachers or teacher aides) have the skills and resources they need to support them
- decide what additional learning support would help children and young people, whether individually or in groups.

The Ministry of Education may use information on the register for the purpose of administration and analysis, for example to find out about the overall numbers of children requiring specific types of support. This will allow the Ministry to plan ahead for numbers of staff and specialists, and other services and types of support.

If you do not agree to your child’s information being included on the register, we will still provide support for your child’s needs within our school/kura/early learning service. But if your child’s information is not on the register, they may not be able to gain early access to resources provided across the group.

I agree to personal information about _____ [child’s name] being included on the register and that information being shared with the group of people listed for the purposes explained above.
